MALLAREDDY ENGINEERING COLLEGE FOR WOMEN

(Autonomous Institution-UGC, Govt. of India)

Accredited by NBA & NAAC with A Grade

NIRF Indian Ranking, Accepted by MHRD, Govt. of India

Band Excellence National Ranking by ARIIA, MHRD, Govt. of India

Affiliated to JNTUH, Approved by AICTE, ISO 9001:2015 Certified Institution

AAAA+ Rated by Digital Learning Magazine, AAA+ Rated by Careers 360 Magazine

MeitY DIA G20 WORKSHOP Report

Institution's Innovation Council & Entrepreneurship Development Cell of Malla Reddy Engineering College for Women, Autonomous Institution, UGC, Govt. of India had organized MeitY DIA G20 WORKSHOP on 27.03.2023. AIC ALEAP WE Hub has conducted an awareness workshop under the MeitY G20 Digital Alliance (DIA) initiative on 27th March 2023. Dr. Zahoorullah S MD, Advisor and Consultant, AIC ALEAP WE Hub has delivered this session at Mallereddy Engineering College for Women, Hyderabad. More than 400 students of engineering and management programs have attended this informative session on Incubation, Funding schemes and MeitY G20 DIA initiative.. Ministry of Electronics & Information Technology (MeitY) has launched G20 Digital Innovation Alliance (G20-DIA) to showcase innovative solutions and create an alliance of innovation ecosystem players, including startups, investors, mentors, and institutions who are building digital public goods/innovations for the betterment of economies and the upliftment of societies.

MeitY has chosen six themes which are of critical significance for global communities. The themes are mentioned below, under which G20 member states and non-member invited countries will curate the startup solutions. The underlying principle of proposed startup solutions will address the need for inclusive, accessible, affordable, sustainable, and transformative impact.

Some of the photographs while delivering the lecture are as follows:

List of Students Attended For MeitY DIA G20 WORKSHOP

Sno	Hall Ticket No.	Name of the Student	COURSE

E-SUMMIT-23 STARTUP EXPO REPORT

E-SUMMIT-23 STARTUP EXPO was organized by **Institution's Innovation Council & Entrepreneurship Development Cell of Malla Reddy Engineering College for Women, Autonomous Institution, UGC, Govt. of India** on 25th February, 2023. Chief guest **Rama Devi Kanneganti, CEO- Atal Incubation Centre ALEAP WE-HUB, Hyderabad**

MALLA REDDY ENGINEERING COLLEGE FOR WOMEN will host the Entrepreneurship Summit on 25th feb, 2023. E-Summit'23 aims to provide a platform for young entrepreneurs [start-up] to share their experiences and inspire upcoming young entrepreneurs. The goal of the event is to inspire and offer rays of hope to attendees.

This conclave becomes a perfect platform for collaboration among the student community and passionate people about entrepreneurship. The Summit offers a platform for entrepreneurs and the existing startup ecosystem as well as acting as a hub where all the startups and students can meet, collaborate, innovate and explore their experiences with the student.

With the rise of technology and the growing influence of digital platforms disruption and innovation has become a routine. For entrepreneurs, nothing remains constant, as they are reluctant to tread on the customary social standards. It is tough to slot them in a predictable setup. This formed the premise for E-Summit'23. The day long Summit brought together budding and established entrepreneurs, innovators, angel investors and funding agents to discuss, deliberate, and dichotomize the promise and prospects ahead of them.

In E-SUMMIT-23 STARTUP EXPO 50+ startups members (Entrepreneurs) and 1500+ Attendees Participated.

E SUMMIT-23 STARTUP EXPO PROGRAMME SCHEDULE
ON 25th FEBRUARY 2023

9.30 AM	Introduction and Welcoming the Dignitaries	Dr.P.Suvarchala Devi MBA HOD
09.45 AM	Lighting the Lamp	Dignitaries

GUEST LECTURE REPORT

Guest Lecture was conducted by **Institution's Innovation Council & Entrepreneurship Development Cell of Malla Reddy Engineering College for Women, Autonomous Institution, UGC, Govt. of India** on 04.2.2023 from 01.30 pm to 04.30 pm. Chief guest **Mr. Venkata Subbarayudu Nori, Co-founder and Managing Director, Winfo Solutions** Hyderabad, has taken a lecture on topic "Women Entrepreneurship" for third year students in MINI Auditorium. He has delivered lectures in various organizations and Universities. Total of 180 students and 5 Faculty Members participated in this programme.

The session started with introduction to "entrepreneurship". How one should be passionate about making their ideas work. The speaker discussed how starters need to have everything properly planned before start. The speakers also spoke about the prerequisites of starting a business and running it in a profitable manner. All this was explained by discussing start-up stories of Paytm, Flipkart, Ola, Uber, Swiggy as well as their own journey. They also discussed different strategies which entrepreneurs are making to attract customers like free deliveries, exchange policies, discounts through their online apps, concessions on first order etc. Students wanted to know how to spot opportunities and how their education helped the young entrepreneurs with planning, financing and managing their businesses. They conveyed the importance of proper planning and structured learning through education. The session ended with a question and answers. The session was informative and interactive.

Some of the photographs while delivering the lecture are as follows:

S. No.	Name of the Workshop	Duration	Number of Days
1	Workshop On Artificial Intelligence and Machine Learning	2 nd May 2021	1 Day
2	Workshop On Amazon web services – Cloud computing	25th April 2021	1 Day
3	Workshop On Block Chain Technology	18th April 2021	1 Day

Head of the Department

CSE HOD

Malla Reddy Engineering College for Women
Maisammaguda, Dhulapally (Post)
Via Hakimpet, Secunderabad-014.

(Autonomous Institution, UGC, Govt. of India), approved by AICTE, New Delhi and affiliated to JNT University, Hyderabad, offers B.Tech Programs in the areas of Computer Science and Engineering, Electronics & Communication Engineering, Information Technology, Electrical and Electronics Engineering, M. Tech Programs in Computer Science and Engineering, Embedded Systems and Master of Business Administration (MBA). The college has UGC Autonomous Status, Accredited by NBA, Accredited by NAAC with 'A' grade, ISO 9001:2015 certified, Permanently Affiliated to JNTUH, 2(f) & 12(B) Recognized by UGC, Ranked by NIRF Indian Ranking-2025, accepted by MHRD, Govt. of India, AAA+ Rated by Careers 360 Magazine, Nationwide 95th Rank by Outlook News Magazine, 7th Rank in 'Outstanding Engineering Colleges of Excellence' category by CSR, Platinum Rated by AICTE-CII Industry Linked Institutes Survey, recipient of "College of the Year-2017 Award" from Silicon India Education, "Best Engineering College in Telangana & A.P. Award" from International Education Awards, Time Cyber Media Pvt. Ltd., "Education Leadership Award" from Dewang Mehta National Education Awards & "Engineering Educators Award" from University of Bradford, U.K. and has a strong vision of offering world class training to the promising engineers. We will be extremely happy and honored if you could kindly accept our invitation to be the recourse person of the Workshop on **2nd May, 2021 at 9:30 am** in online mode and share your valuable expertise with our participant students.

Your gracious presence will enthuse and add value to the occasion.

Thanks and Regards,

Yours sincerely,

CSE HOD

Malla Reddy Engineering College for Women
Maisammaguda, Dhulapally (Post)
V. a. Hakimpet, Secunderabad-014.

RESOURCE PERSON PROFILE:

Name : Mr. MEHADI

Designation : Technical trainer

Experience : 8 Years

Education : BTECH from JNTU HYDERABAD

Experienced Public Speaker with a demonstrated history of working in the computer software industry. Strong engineering professional skilled in Python, Java, Android Development, Android Studio, and Android.,R Programming,he has been conducting workshops on Android,java and python,R,Blockchain for the last 5 years in more than 10 cities trained 70 thousand plus students.

WORKSHOP ON PYTHON REPORT

Date:03.01.2020 and 04.01.2020

Timings: 9:30 A.M to 4:00 P.M

Participants: I B.Tech CSE (AIML) students

Venue: Python Laboratory

Technical Trainer: Mr.Ganesh

A highly informative workshop on Python was organized by CSI Student chapter under Malla Reddy Engineering College for Women (Autonomous) for the 1st-year AIML (Artificial Intelligence and Machine Learning) students at Malla Reddy Engineering College for Women from 03.01.2020 to 04.01.2020 . The workshop was conducted by Mr. Ganesh, a distinguished technical trainer from BrainoVision Solutions.

Python, a versatile programming language widely used in AI and ML applications, was the focal point of the workshop. Mr. Ganesh commenced with an introduction to Python, highlighting its significance in data science, AI, and ML. The students were introduced to the basic syntax, data structures, and essential libraries in Python, paving the way for them to comprehend its applicability in AI and ML domains.

The hands-on sessions were the highlight of the workshop, allowing students to write Python code and work on practical exercises. Mr. Ganesh guided them through creating simple AI programs and demonstrated the integration of Python with popular libraries such as NumPy, Pandas, and TensorFlow.

The workshop concluded with a Q&A session, enabling students to seek clarification on concepts and receive valuable insights from Mr. Ganesh. The event was an incredible success, equipping our AIML students with a strong foundation in Python, which is essential for their future studies and career pursuits in the field of AI and ML.

We extend our sincere appreciation to Mr. Ganesh for his invaluable contribution to the technical growth of our 1st-year AIML students.

AWARENESS PROGRAM ON FRENCH LANGUAGE HIGHER EDUCATION AT FRANCE REPORT

Date:13.11.2020

Timings: 10:00 A.M to 12:00 P.M

Participants:III & IV B.Tech Students

Venue: Main Auditorium

Speaker: Mrs. Vasudara Murali Krishna, Manager

Mrs. Vasudara Murali Krishna, Manager at Campus France, conducted an informative awareness program on pursuing higher education in France, with a focus on the French language. The program, held at Malla Reddy Engineering College for Women under Institution's Innovation Council & Entrepreneurship Development Cell. Mrs. Vasudara Murali Krishna provided students with valuable insights into the benefits of studying in France, the importance of the French language, and the numerous academic opportunities available. Mrs. Krishna's presentation highlighted the cultural and academic aspects of French universities and programs, fostering a greater understanding of the international education landscape. The session was an enlightening experience for students interested in pursuing higher education in France and furthering their academic and career aspirations.

WORKSHOP ON ROBOTICS REPORT

Date:06.01.2020 to 09.01.2020

Timings: 10:00 A.M to 04:00 P.M

Participants: I B.Tech Students

Venue: Main Auditorium

Resource person: Mr.Karthik and team

A transformative 4-day workshop on robotics was conducted for the 1st-year B.Tech students by Robotics and IoT cell of Malla Reddy Engineering College for Women from 06.01.2020 to 09.01.2020. The workshop, led by Mr. Karthik and team from Jay Robotics Company, was a remarkable opportunity for students to delve into the exciting world of robotics and automation.

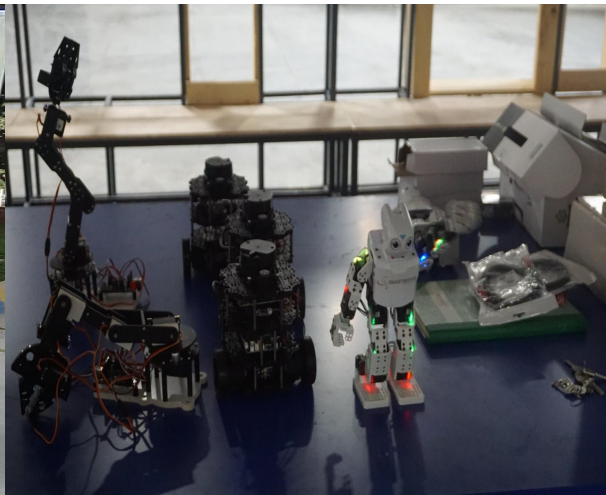

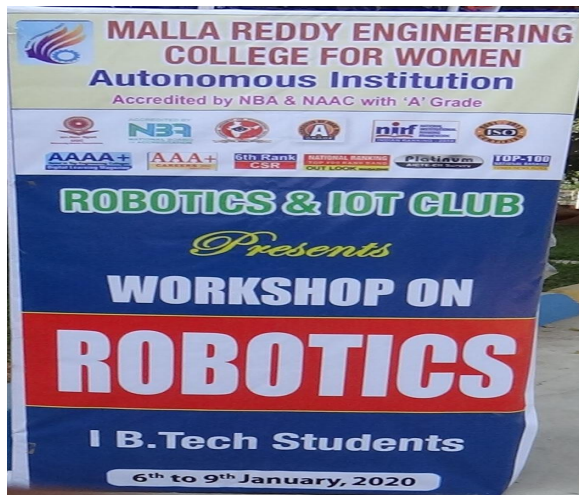

Mr. Karthik and his team who are expert in the field, commenced the workshop by introducing the fundamentals of robotics, emphasizing its practical applications and significance in today's technological landscape. He engaged students in thought-provoking discussions about the role of robotics in various industries.

The workshop's hands-on approach was a highlight, with students working in teams to build and program robots. Mr. Karthik guided them through the process, from assembling components to coding and testing. Students gained insight into the complexities of robotic programming and problem-solving in a dynamic environment.

Furthermore, Mr. Karthik introduced students to cutting-edge technologies such as artificial intelligence and machine learning, which play a pivotal role in advancing robotics. This exposed students to the latest trends and opportunities in the field.

The workshop concluded with project presentations and a friendly competition among student teams, where they showcased their robot designs and problem-solving abilities. It was evident that the workshop had ignited a passion for robotics among the students.

We extend our heartfelt appreciation to Mr. Karthik & team as well as Jay Robotics Company for their invaluable contribution to the technical education of our 1st-year B.Tech students. This workshop served as a foundational step toward nurturing a new generation of innovators and engineers.

ROBOTIC EXHIBITION REPORT

Date:10.01.2020

Timings: 9:30 A.M to 4:00 P.M

Participants: I B.Tech Students of MRECW

Venue: Incubation Center, Labs

Event Coordinator: Mr. Abdul Rahim

The Robotic Exhibition, organized by Robotics and IoT club of Malla Reddy Engineering College for Women (Autonomous) where the 1st-year B.Tech students of Malla Reddy Engineering College for Women are participated showcasing innovative robotics projects and fostering a spirit of creativity, technology, and innovation. This event, held on 10th January 2020, provided a platform for students to demonstrate their technical prowess and present a glimpse of the future of robotics to the academic community and beyond.

The Primary Objectives of this event are :

1. To promote innovative thinking and problem-solving skills among the students.
2. To provide students with an opportunity to exhibit their technical skills and projects.
3. To educate the audience about the world of robotics and inspire young minds to pursue careers in this field.
4. To encourage collaboration among students from different disciplines and foster a multidisciplinary approach to robotics.

The heart of the event was the exhibition of robotics projects created by the 1st-year B.Tech students. The projects were incredibly diverse and ranged from autonomous drones and line-following robots to advanced humanoid robots. The students demonstrated their projects, explaining the technology and innovations used, and engaging with the audience through interactive displays. After each demonstration, the audience had the opportunity to ask questions and interact with the students. This encouraged knowledge sharing and networking, facilitating the exchange of ideas and expertise.

The event attracted a diverse group of attendees, including College students and faculty members, Robotics enthusiasts from neighboring institutions.

The Robotic Exhibition organized by the 1st-year B.Tech students of Malla Reddy Engineering College was a resounding success, achieving its objectives of promoting innovation, showcasing talent, educating and inspiring attendees, and fostering collaboration. The event provided a platform for students to not only showcase their technical skills but also to learn from experts in the field.

The overwhelming response from both the academic community and industry professionals underscores the importance of such events in nurturing young talent and promoting technological innovation. We are confident that the students involved will be encouraged to pursue further studies and careers in robotics, contributing to the advancement of technology in the future.

We extend our sincere gratitude to all participants, attendees, and sponsors who made this event a memorable success. We look forward to organizing more such events in the future to further enhance the spirit of innovation and technical excellence in our institution.

HACKATHON BOOTCAMP REPORT

Date:20.01.2020

Timings: 9:30 A.M to 4:00 P.M

Participants: I,II,III,IV B.Tech Students of MRECW

Venue: Incubation Center, Labs

The Rural Development with Make in India 2020 Hackathon Boot Camp, organized by Institution's Innovation Council & Entrepreneurship Development Cell of Malla Reddy Engineering College for Women, played a crucial role in preparing participants for the upcoming Rural Development with Make in India 2020 Hackathon in association with J-HUB, JNTUH. The boot camp, held on 20.01.2020, aimed to equip students with the necessary skills, knowledge, and guidance to develop innovative solutions addressing rural development challenges while aligning with the national "Make in India" initiative.

The primary objectives of this boot camp were as follows:

- ✓ To enhance the technical and entrepreneurial skills of participants, enabling them to tackle rural development challenges effectively.
- ✓ To provide participants with a deeper understanding of the challenges faced by rural communities and to encourage empathy and problem-solving.
- ✓ To facilitate team formation and collaboration among participants from diverse academic backgrounds.
- ✓ To assist participants in brainstorming and refining project ideas that align with "Make in India" and rural development objectives.

The boot camp featured sessions conducted by experts in fields relevant to rural development and technology. These experts shared their knowledge and insights on various subjects, including agriculture, healthcare, education, and entrepreneurship in rural India. To encourage interdisciplinary collaboration, participants were given the opportunity to form teams. These teams were a mix of students from various disciplines, fostering diverse perspectives and skill sets for the hackathon projects.

The Rural Development with Make in India 2020 Hackathon Boot Camp significantly contributed to the preparedness of participants. It equipped them with the necessary knowledge, skills, and team dynamics required to tackle complex rural development problems. By focusing on problem understanding and idealization, the boot camp inspired innovative thinking and encouraged participants to approach their projects with a solutions-oriented mindset.

The boot camp also played a vital role in fostering collaboration among participants from various academic backgrounds. It promoted the formation of teams that could work cohesively during the hackathon to create holistic and impactful solutions.

Work Shop on Virtualization & VMware Tools Report

Date:20.01.2020 to 22.01.2020

Timings: 9:30 A.M to 4:00 P.M

Participants: III B.Tech CSE Students of MRECW

Venue: Mini Auditorium and Incubation Center

Resource Person: Mr.Mehdi Technical Trainer

A workshop on Virtualization & VMware Tools was organized under CSI student chapter at Malla Reddy Engineering College for Women (Autonomous) from 20th January 2020 to 22nd January 2020 for the benefit of the students of the III B.Tech CSE (Computer Science and Engineering) program. The workshop aimed to introduce students to the concepts of virtualization and provide hands-on experience with VMware tools, a technology widely used in the IT industry.

Mr. Mehedi began the workshop by providing an overview of virtualization technology. He explained the significance of virtualization in modern IT infrastructure and how it allows for efficient resource utilization, server consolidation, and improved disaster recovery. The workshop focused on VMware, a leading virtualization technology used in the industry. Mr. Mehedi highlighted the importance of VMware in managing, deploying, and maintaining virtualized environments. Students had the opportunity to get hands-on experience with VMware tools. They were guided through the installation and configuration of virtual machines, including setting up virtual networks, storage, and using VMware vSphere Client.

The Virtualization & VMware Tools workshop conducted by Mr. Mehedi was both informative and practical, equipping students with essential knowledge and skills in the field of virtualization. The workshop aimed to bridge the gap between theoretical learning and real-world applications, emphasizing the importance of virtualization in contemporary IT environments. The hands-on experience provided during the workshop was particularly valuable, enabling students to apply their newly acquired knowledge in a practical setting. This will undoubtedly benefit them as they progress in their studies and enter the job market, where virtualization skills are in high demand.

We extend our gratitude to Mr. Mehedi for his valuable insights and guidance during the workshop. The event was a great success and contributed to the technical growth of the III B.Tech CSE students at Malla Reddy Engineering College for Women (Autonomous).

FUTURE SASTRA 2K20 TECHNICAL SYMPOSIUM REPORT

Date:25.01.2023 & 26.01.2023

Timings: 9:30 A.M to 4:30 P.M

Participants:I, II, III & IV B.Tech Students of MRECW

Venue: Incubation Center, Laboratories

The Technical Symposium for B.Tech students, organized collaboratively by the IEEE, ISTE,IETE and CSI student chapters of Malla Reddy Engineering College for Women (Autonomous), was an outstanding success. Events conducted for two days I.e. on 25th and 26th January 2023 at Malla Reddy Engineering College for Women, the event showcased a wide array of technical knowledge and fostered a spirit of innovation among attendees where around 1000+ students participated in several events conducted under IEEE, ISTE,IETE and CSI chapters.The symposium featured an exciting lineup of keynote speakers, technical workshops, paper presentations, and panel discussions on the latest technological trends.

Under IEEE Student chapter events like Paper presentation, Young Engineer Award, Idea Presentation and Project Expo are organized. Under ISTE student chapter events like Logic Mantra, Memory Challenge are organized. Under CSI student Chapter events like Tech Hunt, Brainy of JAVA, Coding Contest are organized and under IETE student chapter events like Product Launch and Ad making, 3D Model events are organized.

The paper presentations gave students a platform to present their research and innovative ideas, fostering an environment of knowledge exchange.Panel discussions with industry experts provided valuable insights into the current and future landscape of technology.Students received guidance on career paths, job prospects, and skill development.The latest technologies and projects were on display, enhancing students' exposure to emerging trends. The symposium's success underscored the commitment of the IEEE, ISTE,IETE and CSI student chapters to nurturing technological innovation and education

INDUSTRIAL VISIT BY I YEAR EEE STUDENTS REPORT

Date: 28.02.2020

Timings: 10:30A.M to 4:00 P.M

Participants: I Year B.Tech EEE students

An industrial visit to the Shapur 220/132/33/11 KV Substation was organized by Institution's Innovation Council of Malla Reddy Engineering College for Women (Autonomous) on 28.02.2020. The visit aimed to provide the first-year B.Tech Electrical and Electronics Engineering (EEE) students with practical exposure to the functioning of a high-voltage electrical substation. The substation, located in Shapur, Hyderabad, is a crucial part of the power distribution system in the region, and this visit offered an invaluable opportunity for students to witness real-world applications of the concepts they have learned in their academic coursework.

The visit commenced with an introduction to the Shapur Substation by the site manager. He provided an overview of the substation's purpose, the voltage levels it handles 220/132/33/11 KV, and its significance in ensuring the reliable supply of electricity to the region. This introduction set the stage for a comprehensive learning experience. The students were then taken on a guided tour of the substation. They were able to observe various components and equipment, including transformers, circuit breakers, insulators, and switch-gear. The visit provided insight into the substation's design, operations, and safety protocols.

The students had the opportunity to witness a live demonstration of a transformer in operation. The technical staff explained the transformation process and its role in voltage regulation, distribution, and transmission of electrical power. Students gained a practical understanding of transformer functioning, efficiency, and maintenance.

Safety being of paramount importance in electrical substations, the students were briefed on the safety measures and precautions taken in the substation. They were made aware of the importance of protective gear and safety protocols that must be followed in such high-voltage environments.

The visit concluded with an interactive question-and-answer session, where the students had the opportunity to clarify their doubts and seek further insights from the technical staff.

The industrial visit to the Shapur 220/132/33/11 KV Substation was a highly informative and educational experience for the first-year B.Tech EEE students. It allowed them to bridge the gap between theoretical knowledge and practical application in the field of electrical engineering. Witnessing the functioning of a substation of this scale and importance provided students with a deeper understanding of the power distribution system.

Malla Reddy Engineering College for Women (Autonomous) acknowledges and appreciates the support and cooperation of the Shapur Substation staff for making this industrial visit a success. The experience gained during this visit will undoubtedly be a significant asset to the students' academic and professional growth in the field of electrical and electronics engineering.

CAREER GUIDANCE PROGRAMME REPORT

Date:28.01.2020

Timings: 9:30 A.M to 12:30 P.M

Participants: III and IV B.Tech Students of MRECW

Venue: Main Auditorium

Speaker: Dr.Rouzbeh Razavi, Department of Management and Information Systems Kent State University Ohio,USA.

The Career Guidance Programme took place on 28.01.2020 at Malla Reddy Engineering College for Women organized by Institution's Innovation Council & Entrepreneurship Development Cell and was attended by III and IV B.Tech and II MBA Students, faculty, and staff members. The program included a keynote address by Dr. Rouzbeh Razavi, a renowned expert in the field of management and information systems. Dr. Razavi presentation focused on various aspects of career development and provided students with essential guidance to make informed career choices.

Dr. Rouzbeh Razavi, Department of Management and Information Systems at Kent State University, delivered an enlightening keynote address that covered a wide range of topics related to career development:

Dr. Razavi emphasized the importance of exploring various career paths and gaining a clear understanding of one's interests, strengths, and weaknesses. He encouraged students to assess their skills and passions to make informed career decisions. In a rapidly changing world, Dr. Razavi discussed the significance of adaptability and continuous learning. He highlighted that successful professionals should be prepared to embrace change and acquire new skills throughout their careers. As a specialist in information systems, Dr. Razavi discussed the role of technology in modern careers. He outlined how technology is transforming various industries and offered insights into the skills and knowledge that will be in demand in the future. The keynote address also touched on the significance of maintaining a healthy work-life balance to ensure long-term career satisfaction and well-being.

The Career Guidance Programme conducted by Dr. Rouzbeh Razavi was a great success, providing students with a wealth of knowledge and practical advice for their career development. We are committed to supporting our students as they navigate their career paths, and we look forward to future collaborations and initiatives to foster their growth.

We express our sincere gratitude to Dr. Razavi for his valuable contribution to this program, and we are eager to continue working together to empower our students for a successful and fulfilling future.

ELITE 2020 -NATIONAL CHALLENGE FOR BUSINESS IDEAS REPORT

Date: 15.02.2020

Timings: 10:00 A.M to 12:30 P.M

Participants: III B.Tech & II MBA Students of MRECW

Venue: Mini Auditorium

Chief Guest: Smt.K.Ramadevi President,ALEAP India

Malla Reddy Engineering College for Women (MRECW) Institution's Innovation Council & Entrepreneurship Development Cell held the prestigious "ELITE 2020 National Challenge for Business Ideas" on 15.02.2020. The event was organized to provide a platform for the innovative and entrepreneurial minds of III B.Tech and II MBA students to present their creative business ideas. The event was graced by the presence of Smt. Ramadevi, president of AIC ALEAP We-Hub, who served as the chief guest and shared her valuable insights with the students.

Event Highlights:

Inauguration and Welcome

The event began with an inaugural ceremony where the students, faculty warmly welcomed. Dr. Y.Madhav Latha, the Principal of MRECW, delivered the opening remarks, highlighting the importance of fostering entrepreneurship among students and commended their enthusiasm for participating in ELITE 2020.

Presentation of Business Ideas

The heart of the event was the presentation of business ideas by the participating students. They had been preparing for this moment for months, and their hard work and innovation were evident in their presentations. The ideas spanned various sectors, including technology, agriculture, healthcare, and education.

A panel of distinguished judges, comprising faculty members and industry experts, evaluated the business ideas. Each team was given a set time to present their concepts, followed by a Q&A session where they addressed queries and received feedback.

Guest Lecture by Smt. Ramadevi

Smt. Ramadevi, representing ALEAP, delivered an inspiring and informative talk on women entrepreneurship and the role of innovation in the business world. She shared her personal journey and experiences as an entrepreneur and encouraged the students, especially the young women, to pursue their entrepreneurial dreams fearlessly. Her speech was well-received, and students found it motivating and informative.

Winner Announcement

After a rigorous evaluation process, the winners of ELITE 2020 National Challenge for Business Ideas were announced. The winner was awarded to the most promising business idea. Additionally, there were awards for innovation, presentation, and teamwork. The winners received a cash prize of Rs.15,000 and certificate, and their ideas gained recognition within the academic community.

Conclusion:

ELITE 2020 National Challenge for Business Ideas at MRECW was a remarkable success, fostering a spirit of entrepreneurship and innovation among the participating students. The event not only provided a platform for students to showcase their creative business ideas but also offered an opportunity to learn from industry experts like Smt. Ramadevi. The guidance and insights shared by the chief guest added immense value to the event. The competition was not only about winning but also about learning and growing as future entrepreneurs. It encouraged students to think outside the box and come up with solutions to real-world problems. ELITE 2020 was a testament to the potential of young minds and their ability to shape the future of business and innovation. MRECW expresses its gratitude to Smt. Ramadevi for gracing the occasion and motivating the students. The college remains committed to nurturing young entrepreneurs and looks forward to more such events in the future.

TECHNICAL SEMINARS ON EMERGING AREAS REPORT

Date:16.02.2020

Timings: 9:30 A.M to 3:30 P.M

Participants: III B.Tech Students of MRECW

Venue: Mini Auditoriums and Respective Class rooms

The IEEE Student Chapter at Malla Reddy Engineering College for Women (MRECW) organized a series of technical seminars on emerging technologies for B.Tech 3rd-year students. These seminars aimed to provide students with insights into the latest trends and developments in the field of technology. The sessions covered a wide range of topics, highlighting the IEEE Student Chapter's commitment to fostering technical knowledge and innovation among its members.

The students of III B.Tech presented seminars on emerging topics like Artificial Intelligence, Internet of Things Revolution, The Power of Big Data and Data Analytics, Blockchain and Cryptocurrency, 5G and the Future of Wireless Communication. An internal Judge panel comprised of a Senior Professor, Subject Expert and concerned class teacher analyzed the performance of students on the topic presented and guided them.

This Technical Seminars on emerging areas enhanced the skills of the students in understanding the present ongoing process in the real world and also improved their communication skills through the presentations. The IEEE student chapter has taken a very good initiative in conducting the technical seminar for the skill enhancement of III year B.Tech Students.

MALLA REDDY ENGINEERING COLLEGE FOR WOMEN

IEEE STUDENT CHAPTER PRESENTS

Register Here:

TECHNICAL SEMINARS on Emerging Areas

28th & 29th of August, 2020

FOR B.TECH III YEAR STUDENTS

Link : <https://forms.gle/3UQj7nHWGgxvVWE8>

TOPICS FOR SEMINARS

AMAZON WEB SERVICES (AWS)

- Amazon Virtual Private Cloud (Amazon VPC)
- Amazon Elastic Compute Cloud (Amazon EC2)
- Amazon Elastic Block Store (Amazon EBS)
- Amazon Simple Storage Services (Amazon S3)
- Amazon Relational Database Service (Amazon RDS)
- AWS Cloud Security
- AWS Auto Scaling
- AWS Workspaces, Lambda
- AWS - SaaS S3
- AWS - Cloud Connect
- AWS - DynamoDB
- AWS - CloudFront
- AWS - Storage Gateway
- AWS - IAM
- AWS - Elastic Map Reduce

ROBOTICS

- Robotics & Automation
- Robotics
- Industrial Robotics
- Agricultural Robotics
- Collaborative Robots (Cobot)
- Service Robotics
- Medical Robotics
- Micro Robotics
- Medical Robotics

Artificial Intelligence & Machine Learning (AI & ML)

- Machine Learning – Supervised Learning
- Machine Learning – Unsupervised Learning
- Reinforcement Learning
- Artificial Neural Network
- Convolutional Neural Network
- Recurrent Neural Network
- Deep Learning
- Natural Language Processing (NLP)
- Computer Vision
- Expert Systems

Data Science

- Introduction to Data Science
- Machine Learning
- Databases and Data Management
- Statistical Natural Language Processing
- Cluster Analysis
- Data Science and Cyber Security
- Data in Machine Learning
- Data Science in Economics and Finance
- Scope of Data Science – Present and Future
- A. Institution's View on Data Science
- Data Science Implementation in Big Data
- Role of Data Scientist
- Data Visualization
- Data Science Applications

Cyber Security

- Artificial Intelligence and Cyber security
- The Role of Big Data, AI and ML in Cyber Intelligence
- Cryptography in Information Security
- Ransomware attacks on the public sector
- New cyber security challenges that 5G creates
- Cloud-jacking
- Data privacy
- Data Mining and Machine Learning Techniques for Cyber Security Intrusion Detection
- Ethical Hacking
- Managing Security in Mobile Phones

Blockchain Technologies

- Blockchain Security
- Blockchain Smart Contracts
- Blockchain Use Case: Payments
- Blockchain Revolution in Banking
- Blockchain Use Case: Trade Finance
- Blockchain for IoT
- A Critical Review on Cryptocurrency systems
- Security Threats on Blockchain and its Counter Measures
- Blockchain Supply Chain Management
- Blockchain Based e-Voting System

Internet of Things (IoT)

- IoT based Smart Irrigation Systems
- IoT based Smart Security Systems
- IoT based Wireless Sensor Networks
- IoT based Industrial Surveillance
- IoT based Smart Grids
- IoT based Intelligent Traffic Control Systems
- IoT based Motion Controlled Systems
- IoT based Surveillance Systems
- IoT based Smart Healthcare Systems
- IoT based Solar Power Monitoring Systems

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

To

Date: 10th January, 2020.

Mr. MEHEDI,
Technical Trainer,
Hyderabad , Telangana.

Respected Sir,

Sub: Malla Reddy Engineering College for Women, Autonomous Institution, UGC, Govt. of India – Workshop on Virtualization & VMware Tools, from 20th Jan 2020 to 22nd Jan 2020. Invitation to be the Resource Person on 20th Jan, 2020 at 9:30 am.

-Request- Regarding.

We are pleased to inform to you that **MALLA REDDY ENGINEERING COLLEGE FOR WOMEN, Autonomous Institution, UGC, Govt. of India** is organizing **Workshop on Virtualization & VMware Tools** by the **Department of Computer science and Engineering**, The main aim of the **Workshop** is to explore the current tools and technologies in the relevant fields.

We request your kind presence as the **Resource Person** of the **Workshop** on **20th January, 2020 at 9:30 am.**

For your kind information and our satisfaction, we would like to appraise you with the achievements of our college. Malla Reddy Engineering College for Women – MRECW (Autonomous Institution, UGC, Govt. of India), approved by AICTE, New Delhi and affiliated to JNT University, Hyderabad, offers B. Tech programs in the areas of Computer Science and Engineering, Electronics & Communication Engineering, Information Technology, Electrical and Electronics Engineering, M. Tech Programmes in Computer Science and Engineering,

Engineering, Electronics & Communication Engineering, Information Technology, Electrical and Electronics Engineering, M. Tech Programmes in Computer Science and Engineering, Embedded Systems and Master of Business Administration (MBA). The college has UGC Autonomous Status, Accredited by NBA, Accredited by NAAC with 'A' grade, ISO 9001:2015 certified, Permanently Affiliated to JNTUH, 2(f) & 12(B) Recognised by UGC, Ranked by NIRF Indian Ranking-2018, accepted by MHRD, Govt. of India, AAA+ Rated by Careers 360 Magazine, Nationwide 95th Rank by Outlook NewsMagazine, 7th Rank in 'Outstanding Engineering Colleges of Excellence' category by CSR, Platinum Rated by AICTE-CII Industry Linked Institutes Survey, recipient of "College of the Year-2017 Award" from Silicon India Education, "Best Engineering College in Telangana & A.P. Award" from International Education Awards, Time Cyber Media Pvt. Ltd., "Education Leadership Award" from Dewang Mehta National Education Awards & "Engineering Educators Award" from University of Bradford, U.K. and has a strong vision of offering world class training to the promising engineers.

We will be extremely happy and honored if you could kindly accept our invitation to be the recourse person of the Workshop on **21st January, 2020 at 9:30 am** in our college and share your valuable expertise with our participant students.

Your gracious presence will enthuse and add value to the occasion.

Thanks and Regards,

Yours sincerely,

CSE HOD

RESOURCE PERSON PROFILE :

Name: Mr. RAMANA MURTHY

Designation: Senior Vice President

Company: CodeTantra Tech Solutions

A thorough professional with an unmatched attention to detail and zest to keep ahead with simplicity and humbleness. Senior Member – IEEE and Life Member - CSI
Specialties: Training & Consultancy, Project Management, SAP Implementation.

Experience :

1. Senior Vice President CodeTantra Hyderabad

May 2018 – Present 4 years

2. Professor & Dean in Pragati Engineering College Kakinada

Feb 2010 - Present 12 years 3 months

3. General Manager, CS Department Saud Bahwan Group Muscat - Oman

Oct 1996 - Nov 2009 13 years 2 months

4. Senior Consultant QAI Hyderabad

1994 - 1996 2 years

5. Tata Consultancy Services *Mumbai*

Aug 1978 - Jun 1983 4 years 11 months

Taken on board to handle the Development & Implementation of various projects. Involved in various projects for National and International customers Development & Implementation of Conversion project at AMEX, Sydney Modifying and Implementing CBMSII project at various client locations in NZ & Australia.
